Dear NEI Graduate,

We appreciate the support that you have given our organization in the past year. Several of you have asked about the directory that we posted to the website that has since been removed. It was decided at the summer conference with the sensitivity of your contact information, both person and professional, that we will not be posting it on the website. If you would like a copy of the current roster, an address or phone number for an old friend or colleague, please contact Aimee Baarz and she will be happy to provide that information to you.

We have made a tremendous effort the past few years to reconnect with our NEIA Graduates whom we may have lost contact with. We are still getting updated information on a weekly basis. Please continue to recommend the website and have them follow-up to get current on their memberships.

The annual training session will be in Sun Valley, Idaho in June. The NEIA training dates will be posted on the website: [www.neiassociates.org](http://www.neiassociates.org) at the end of March. Each year National Executive Institute Associates in conjunction with the Federal Bureau of Investigation hosts this training seminar for the Major Cities Chiefs of Police, Major County Sheriffs and National Executive Institute Associate Members.

If you are not already a member of the NEIA, I would like to personally invite you to join. Information about the membership, training seminars, newsletter, and current articles can be found on the website. Any relevant information is maintained up to date on the website. All conference information will be posted as soon as it is ready and available.

I don't have to remind you that the benefits of your membership from a professional standpoint are innumerable. NEIA members are all current or former law enforcement officials. All can be considered resources for helping you solve problems that you face professionally. Over the past few years we have stressed the importance of collaboration. Please remember that if you are still on active duty in law enforcement and are a member of the NEIA, the FBI will pay your travel expenses to the training seminar. If you aren't a current member, it is not to late, please join today.

If you have any questions about where to send your payments, who to contact, membership status, or current address information updates and verifications please contact our NEIA Dues Coordinator, Aimee Baarz and she will be glad to assist you. Her contact information is:

Whether you decide to join NEIA or not, please send us your contact information which includes a current address, phone number, and e-mail address so we can notify you of future events and topics of interest. Thank you for your time. I hope to see you at Sun Valley this year.

Sincerely,

Gary Penrith
